PROFESSIONAL SUMMARY

I am a business graduate with a BBA in Finance & Banking and internship experience in both marketing and banking. Skilled in market research, competitor analysis, sales-oriented data analysis, content planning, documentation, transcription, and business communication. At CFMOTO Bangladesh, I supported marketing initiatives for motorcycles and EVs, managed the ZEEHO Brand Launch event, and built a cloud-based competitor-tracking automation system to improve marketing reporting and data consistency. I also utilized AI tools productively for research support, content development, video ideation, workflow automation, AI-assisted digital prototyping, and business productivity.

CORE SKILLS

Automating/Digitizing Business Process:

Skilled in building workflow automation systems using Google Sheets, Google Apps Script, Python, GitHub, and GitHub Actions to reduce repetitive manual work. Experienced in automating recurring data collection, data entry, report preparation, and structured information management tasks by transforming consistently formatted data sources into organized Excel or Google Sheets outputs, improving operational efficiency, reducing manual errors, and supporting faster reporting.

Dashboarding & Data-Driven Decision Support: Skilled in data cleaning, data transformation, and dashboard development using Power BI to convert raw business data into clear, actionable insights. Currently developing stronger skills in DAX, data modeling, and dashboard optimization to improve reporting accuracy, analytical depth, and decision-making efficiency.

Business and Marketing: Content planning, promotional coordination, brand launch event support, campaign material coordination, sales and competitor analysis, brand communication, market research, documentation, transcription.

Technical: Microsoft Excel, Microsoft Office, Google Workspace, Power BI (Basic), Python (Basic), Playwright (Basic), Google Apps Script (Basic), Git (Basic), VS Code, GitHub, GitHub Actions, GitHub Pages, SEO, CapCut, DaVinci Resolve (Learning).

Languages: Bangla, English, and Spanish.

Professional Development:

- Vibe Coding - Build Modern and Professional Websites Using AI (Completed)
- Udemy - Python Mega Course(Python Basics) (Completed)
- Microsoft Excel Beginner to Advanced training. (Completed)
- Microsoft: Power BI Data Analyst Associate (Ongoing)
- Udemy - Machine Learning A-Z [2026](Ongoing)

EXPERIENCE

CFMOTO Bangladesh | Dhaka, Bangladesh

Marketing Intern | Mar 2026 - Present

- Supported marketing campaigns, content planning, and brand communication for motorcycle and EV products.
- Assisted with market research, promotional planning, competitor analysis, and campaign material coordination.
- Analyzed product USP and successfully briefed the sales team to prepare for customer queries.
- Contributed to the management and execution coordination of the ZEEHO Brand Launch event.
- Developed a cloud-based competitor tracking automation system using Python, Playwright, GitHub Actions, Google Apps Script, and Google Sheets to track Facebook followers and post activity.

- Completed a three-month internship supporting branch operations, documentation, and administrative tasks.
- Gained exposure to customer service, record handling, and workflow practices in a banking environment.
